

Index to THE CLASSICAL WEEKLY, Volume XXII

October 1, 1928—May 20, 1929

This Index, prepared by Charles Knapp, has been worked out exactly along the lines followed in the General Index to Volumes I-XVI, and in the separate Indexes to Volumes XVII-XXI.

By the use of space-saving devices much more material is presented in a smaller number of pages.

The name of an author and the title of an article are given in full only once, at the place where the author's surname appears in the alphabetical sequence. The title of a book reviewed will be found in full only where the name of the author appears in the list given under the caption "Reviews". To the titles of articles or subjects (e. g. "African Latin", etc.) the names of the authors are not attached; the names can readily be found by looking up the page or pages named.

"Aeneid: Vergil" = "For the Aeneid see under Vergil"; "Altitalisches Wörterbuch: Reviews, Muller" = "See Reviews, under the name Muller"; "see above", "see below" = "see above", "see below" under the same caption (i. e. in the same paragraph of entries).

Under the caption "Reviews" will be found some entries enclosed in square brackets. Such entries deal with books not formally reviewed, but mentioned, in some detail, in the course of an article or review. Material of this sort will be found listed in appropriate places elsewhere, enclosed, in each instance, in square brackets.
